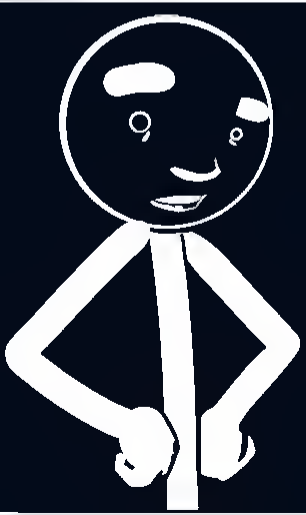
"COOKING" COMICALLY



COFFEE

IT'S NOT THE ONLY REASON I GET UP IN THE MORNING...

IT'S THE ONLY REASON I CAN GET UP IN THE MORNING

IF I HAVE TO WAKE UP BEFORE 9AM, COFFEE IS THE ONLY THING THAT STANDS BETWEEN ME AND A DEEP, DARK ABYSS OF IRRATIONAL HATRED AND LOATHING FOR EVERYONE AND EVERYTHING

I CLING TO THAT CUP OF COFFEE FOR DEAR LIFE AS I AUTOPILOT MY WAY AROUND WHATEVER SITUATION I'M IN UNTIL NOON WHEN I CAN FINALLY START HAVING RATIONAL, WAKEFUL THOUGHTS

I NEED COFFEE

SO WHEN SUMMER GETS INTO FULL SWING AND THE AIR TURNS HOT AS B***S AND THE THOUGHT OF DRINKING SOMETHING NEARLY BOILING IN THIS WEATHER BECOMES A DISTINCTLY NIGHTMARISH PROSPECT...
WHAT DO I DO?
WHAT CAN I DO...

ALL THREE INGREDIENTS

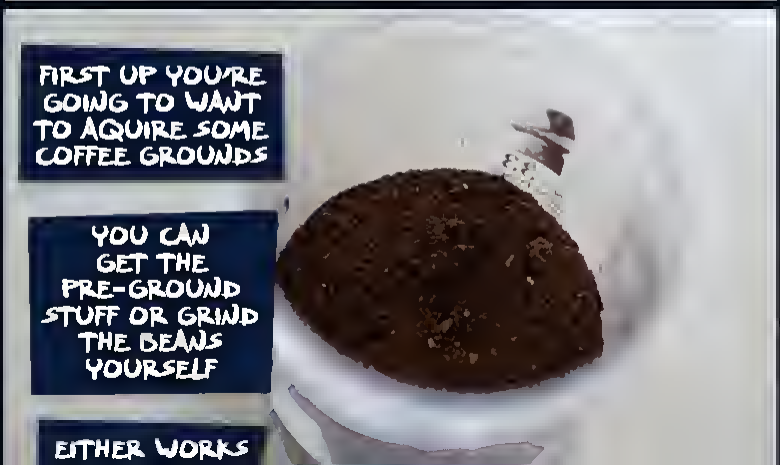
EVERYTHING

Coffee Grounds
2½ Cups 230g

Water
4½ Cups 1L

Milk
up to you

SERIOUSLY
THIS IS ALL YOU NEED AND THE MILK IS EVEN OPTIONAL

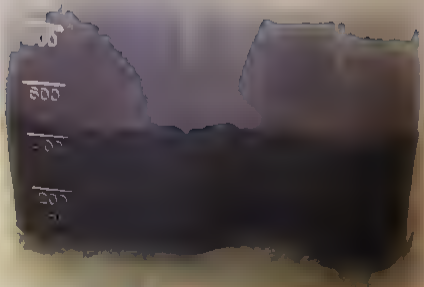


FIRST UP YOU'RE GOING TO WANT TO AQUIRE SOME COFFEE GROUNDS
YOU CAN GET THE PRE-GROUND STUFF OR GRIND THE BEANS YOURSELF
EITHER WORKS

PLACE 2½ CUPS OF GROUNDS INTO A SEALABLE CONTAINER

ANY CONTAINER WILL DO AS LONG AS YOU CAN COVER IT

GROUNDS ARE IN?

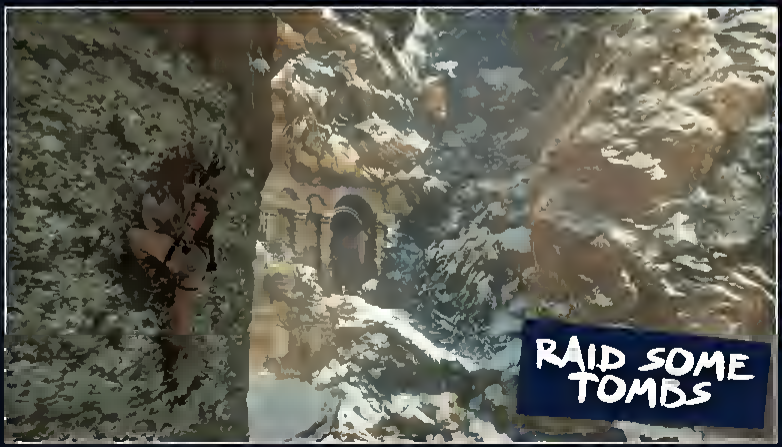


DUMP IN YOUR 4½ CUPS OF WATER
AND CLOSE UP THE CONTAINER
SHAKE IT
YOU CAN ALSO [illegible] IT... IF YOU WANT...

ONCE IT'S ALL MIXED UP SET IT ON THE COUNTER AND LEAVE IT TO STEEP FOR A DAY AT ROOM TEMPERATURE

LITERALLY 12-24 HOURS

YOU WANTED SOMETHING DIFFICULT RIGHT? I'LL BET PATIENCE IS DIFFICULT FOR YOU



NOW THAT IT'S 12 HOURS LATER IT'S TIME TO STRAIN THE MIXTURE

I'M USING A SIEVE AND SOME CHEESE CLOTH, BUT IF YOU DON'T HAVE THAT YOU CAN USE A REGULAR COFFEE FILTER

LIKE SO

OR SO

THOUGH THESE WILL TAKE A BIT LONGER

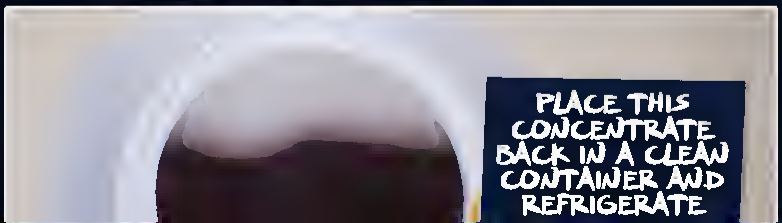
HECK YOU CAN EVEN

USE PAPER TOWELS IF YOU'RE IN A PINCH

ONCE THE LIQUID HAS FILTERED THROUGH GIVE THE CHEESECLOTH (OR WHATEVER)

A SQUEEZE TO WRING ADDITIONAL LIQUID OUT OF THE NOW SLUDGEY GROUNDS

#SQUISH#



THIS WILL KEEP UP TO A MONTH

TO SERVE:

POUR ABOUT 1/4 CUP OF THE CONCENTRATE INTO A GLASS

THEN ADD ABOUT 1¼ CUPS WATER

THEN ADD A COUPLE TBSPS OF MILK IF YOU LIKE

MIX ALL THAT UP, DROP IN A STRAW AND SOME ICE CUBES AND YOU'RE SET

ALL OF THIS CAN BE ADJUSTED TO YOUR OWN PERSONAL TASTE OF COURSE

ENJOY

THAT TASTY BEVERAGE

THE NOTES

- Ask any questions you'd like in the comments! I'm planning to do a Q&A soon.

- If you do grind your own beans I would recommend grinding them a little coarser than you usually would. This will help with straining.

- If your coffee is finely ground the mixture will become like a sludge and make straining just a little bit more of a headache. It's totally doable though. You just have to have more patience.

- Obviously the better your coffee the better the concentrate will turn out. Not sure I would use Folgers for this one...

- The game in the screenshot is Rise of the Tomb Raider. Having really liked the 2013 reboot, I picked this one up during the Steam summer sale and I've not been disappointed. It's a great action adventure game and I feel like it was unjustly overshadowed by Fallout 4 since they released

AROUND THE SAME TIME.

AND AS ALWAYS
